V. Howell of the faculty and in-Prussianism of the ruling class in stitution, met and worked out the Germany; but if it uses the same methods to exterminate bolshevism Among the more important docu- somest buildings on the campus and that it uses to exterminate kaiserism, its success will involve the ruin of democracy. Kaiserism was the expression of an inhuman greed for power Bolshevism is the perverted child of popular /listress, political and industrial violence, and individual and social frustration. Organized society cannot suppress it for long, because it thrives on suppre sion just as Christianity throve under persecution. All that it can do is honestly to try to accomplish by democratic methods and without violence the revolutionary improvement in the condition of the poor and the dispossessed that bolshevism is attempting to accomplish by violence. The great enemy and the great danger at present, as Lloyd George declared, is not bolshevism, but reaction and dissension.
